## PROFILE

---

I am a 4th-year Bachelor of Science in Information Technology student interested in Front-End Development, UI/UX Design, and Quality Assurance (QA) Testing. I am currently learning more about software testing, web development, and new technologies. I am a hardworking and responsible person who is willing to learn new skills and improve my knowledge. I am also willing to take on new challenges and do my best in every task given to me.

## CAREER OBJECTIVE

---

To gain experience in the IT field through an OJT where I can use what I have learned in Front-End Development, UI/UX Design, and QA Testing. I want to learn new skills, improve my knowledge, and gain experience in a professional workplace. I am willing to learn, work hard, and do my best to help the company.

## TECHNICAL SKILLS

---

- HTML/CSS/JavaScript
- MySQL and Basic Database Management
- UI/UX Design/ Graphic Design/Figma
- XAMPP and Visual Studio Code
- Microsoft Word, Excel, and PowerPoint
